

Flood Recovery Check-In Recordings and Resources

The Check-In on April 16, 2024, at 1:00 pm has been cancelled. We will resume our regular monthly schedule again on May 21, 2024.

VLCT's Federal Funding Assistance Program team hosts staff from Vermont Emergency Management (VEM), FEMA, and Vermont's Flood Recovery Office to share information, discuss timely topics, and conduct a Q&A to help smooth the path to flood recovery, mitigation, and resilience.

Each check-in features:

- Updates about FEMA's Public Assistance Program.
- Information directly from FEMA and state officials.
- Details about other programs and opportunities that could benefit your town relative to flood recovery, mitigation, and resilience.
- Tips, best practices, and resources that can help you navigate projects involving FEMA funding.

If you want to attend and have yet to register, [register here](#).

If you have already registered and cannot find the event link, [log in](#) to your MAP account and click on the Events icon.
