MAC's legal team has created many free model documents and templates on a wide range of topics designed to help members comply with Vermont and federal laws and learn about best practices. Search the [Municipal Assistance](#) topics pages or the [Resource Library](#) for examples of MAC model policies, ordinances, and guidance. These documents and accompanying guidance explain legal requirements and options, so they can be customized to meet each municipality's needs. Municipalities may use these documents as a jumping off point for their own policies, rules, and ordinances or contact the MAC team for drafting assistance.
