

Legislative Reports

Each Friday during the legislative session VLCT Advocacy publishes a *Weekly Legislative Report* and archives it here for the duration of the biennium. PDF files of previous legislative sessions are available by contacting VLCT Advocacy.

Please also visit our **two new session-long lists of municipally relevant bills** introduced [in the House](#) and [in the Senate](#). We'll update them each Friday to help you follow bills as they wend their ways through the State House committees. These two webpages are in addition to the New Bills tables in our *Weekly Legislative Reports*.
