

Vermont's Minimum Wage

The beginning of the new year not only necessitates the singing of “Auld Lang Syne” but also increases Vermont’s minimum wage. Effective January 1, 2019, the rate will rise \$10.78 per hour. A Vermont Department of Labor workplace poster, which must be visible to employees in places of business, can be downloaded from <http://labor.vermont.gov/wordpress/wp-content/uploads/Minimum-Wage-Post...>

VLCT has added the updated poster to its 2019 Workplace Poster Packet, which members may purchase from the online bookstore, www.vlct.org/store/catalog.
