

Helpful Resources for Your Municipality

The following list of State of Vermont offices, federal government, and municipal organizations, and others is a good place to start if you're looking for help on a specific topic or issue beyond what VLCT can provide. VLCT staff work directly with many of these and direct our members to them when needed. While this list isn't comprehensive, it includes contact information for offices we're frequently asked about. Note that many of the web pages below highlight coronavirus information.
