

# **What if the US Department of Labor hasn't published a labor classification I need?**

If a wage determination does not include a needed labor classification, an additional classification may be requested at [IRAPrevailingwage@dol.gov](mailto:IRAPrevailingwage@dol.gov).

The request should include:

- The type of facility;

- Facility location;
- Proposed labor classifications;
- Proposed prevailing wage rates;
- Job descriptions and duties; and
- Any rationale for the proposed classification.
