VLCT PACIF understands that the dedicated employees serving Vermont municipalities have to balance the demands of work, family, and personal responsibilities. Stress, burnout, and personal challenges can overwhelm anyone at any time. That's why we provide member employees and the people who live with them free access to Invest EAP, an Employee Assistance Program that offers confidential and free resources designed to support their well-being.

PACIF encourages municipal leaders, managers, and supervisors who encounter a struggling employee to suggest that the employee reach out to Invest EAP for assistance in getting through their challenges.
