https://www.facebook.com/vermontemergencymanagement

Road Closures:

Visit **https://newengland511.org/**(opens in a new tab)for state road closures.

Local road closures are not shown on 511; please respect all local detours. Some local road closures can be found on the Waze crowd-sourced navigation app. This free, Google-owned GPS app provides travelers with up-to-date navigation and traffic information. Municipalities can set up an account and use Waze (PDF, 116.6 KB) to list local road closures.

Page Navigation Tips

- **Scroll down** to find our very latest **News** and **Resources**. **Click the LOAD MORE button** repeatedly to show earlier entries.
- If you are having a hard time locating something on any of our pages, try searching by keyword: press the "Ctrl" and "F" keys simultaneously to make a little box appear somewhere on your screen (the location varies by browser), and enter your keyword there. Or scroll to the top of the page and click on the small magnifying glass icon in the top right corner.

Resources for Municipalities | Flood Funding Opportunities
Response and Recovery Websites | Addressing Resident and Business Questions

General

Cleanup

- Protecting Workers and Volunteers During Flood Cleanup (VLCT)
- Clean and Prevent Mold - Vermont Department of Health
- Fuel Tank Spills – VANR Spills Program

Funding and Financing

- Emergency Relief Assistance for Federal-Aid Highways - FEMA Public Assistance does not cover Federal-Aid Highways.
- Vermont Bond Bank – VBB is actively tracking the short term and long term financing needs of Vermont's communities in support of borrowing.
- Working Capital Financings: Federal Tax Law Considerations - Vermont Bond Bank guidance on when short term borrowings for municipalities can be completed on a tax-exempt basis.

National Flood Insurance Program (NFIP) Compliance

- After A Flood: Information for Flood-Damaged Communities - Municipal support for permitting and substantial damage estimation. Includes DEC contacts for assistance, coaching resources, and handouts and posts municipalities can use for property owner outreach.
- Guidance: Help for Communities on How to Comply with FEMA's National Flood Insurance Program After a Flood - Communities must complete Substantial Damage estimates and permitting to remain in good standing for the NFIP.

Published 7/21/2023.

- Resources for Municipal Administrative Officers - ANR guidance about Substantially Damaged (SD) and Substantial Improvement (SI) determinations. Includes draft public information post, template letter for building owner, and more.
- FEMA SI/SD Checklist - Initial screening thresholds and included/excluded improvement cost

Water and Wastewater

- Mutual Aid through Vermont Water/Wastewater Agency Response Network (VT WARN) - Equipment and personnel assistance.
- EPA: Lessons Learned from Water/Wastewater Utilities that Participated in FEMA's Public Assistance Grant Program - Discusses Immediate Needs Funding for emergency work and has other practical advice. Published May 2012.

Where to Find Help

- Report a Landslide to the Vermont Geological Survey - This is NOT for emergency response.
- Property Concerns with Rivers and Streams - Frequently Asked Questions answered by Vermont Department of Environmental Conservation
- Flood Safety Tips and Resources - Has contact list for plumbers and electricians by county and flood safety information sheets you can post or use for resident messaging.
- Flood Risk and Historic Buildings - State Historic Preservation Office guidance
- Mobile Home Condemnation and Public Building Assistance - Contact the Division of Fire Safety at 802-479-7561 for assistance.
- Statewide Contracts Search Tool - AI powered tool to assist municipalities and other political subdivisions to purchase goods and services under the terms

negotiated by the State Office of Purchasing and Contracting on select statewide contracts.

- How to Manage Flood Damage to Trees - Recommended by the VT Department of Forests, Parks, and Recreation. Trees many need special, post-flood care to minimize longer-term damage.
- Starting Over Strong Vermont - Flood recovery outreach program for individuals and communities through community outreach and access to mental health services. Municipalities can use this service for their employees and volunteers.

In addition to FEMA's Public Assistance (PA) program, your municipality or residents may be eligible for the programs listed below. Deadlines for applications vary among the programs. These opportunities are described more fully on our Open Funding Opportunities webpage. Check back periodically as we will add to this list.

- FHWA Emergency Relief - Supports repair or reconstruction of Federal-aid highways and roads on Federal lands which have suffered serious damage because of natural disasters or catastrophic failures from an external cause. These roads are NOT eligible for FEMA Public Assistance.
- Vermont Emergency Relief and Assistance Fund (ERAF) - Through this program, the State of Vermont pays a share of the required local match for FEMA Public Assistance. The State contribution is based on disaster preparedness actions taken by the municipality. Find your municipality's ERAF rate at Flood

Ready Vermont.

- USDA Emergency Watershed Protection Program (EWP) - The EWP Program is a recovery effort aimed at relieving imminent hazards to life and property caused by floods, fires, windstorms, and other natural disasters. Public and private landowners are eligible for assistance but must be represented by a project sponsor. Applications for this program have closed.
- USDA Emergency Watershed Protection Program (EWP) Floodplain Buyout - Use this program where structure projects to reduce threats from flooding and erosion are not cost-effective and/or beneficial. (Use VEM's program first!)
- EDA Disaster Supplemental Funding - Supports disaster recovery activities including economic recovery strategic planning grants, public works construction projects including broadband and resiliency projects, workforce development, capitalization of revolving loan funds, and economic development projects that enhance density in the vicinity of other economic development. Vermont qualifies for FY2022 funding.
- USDA Rural Development Emergency Community Water Assistance Grants (ECWAG) - Helps eligible communities prepare, or recover from, an emergency that threatens the availability of safe, reliable drinking water. Contact Rebecca Schrader, Lead Community Program Specialist, Rebecca.schrader@usda.gov, before pursuing an application
- FEMA Hazard Mitigation Grant Program (HMGP) - Supports projects such as mitigation of local roads and bridges, home acquisition (buyout), structural elevations or relocations, replacement of undersized culverts, mitigation outreach and education, etc. Project ***do not*** need to be directly connected to damage incurred from this disaster.
- EPA Drinking Water System Infrastructure Resilience and Sustainability - Supports underserved, small, and disadvantaged communities to increase drinking water facility resilience to natural hazards. ***Disadvantaged Community*** is determined by the State's affordability criteria.
