Flood Recovery Check-In

Copyright Vermont League of Cities and Towns
Current as of: 11/25/2026

Several Vermont municipalities were impacted by the July 2024 flooding and many more are still recovering from the two major flood events in the summer of 2023. This work and funding can take a long time to complete, and the process can be challenging. To assist municipalities with their recovery, we held recurring webinars throughout 2023 and 2024 to share information and discuss timely topics. VLCT hosted staff from Vermont Emergency Management (VEM), FEMA, and Vermont's Flood Recovery Office and other partners to help smooth the path to flood response, recovery, mitigation, and resilience.

Each check-in features:

- Updates about FEMA's Public Assistance Program.
- Information directly from FEMA and state officials.
- Details about other programs and opportunities that could benefit your town relative to flood recovery, mitigation, and resilience.
- Tips, best practices, and resources that can help you navigate projects involving FEMA funding.

Recurring Presenters:

Eric Forand, Director, VEM
Ben Rose, Alternate State Coordinating Officer, DR-4720-VT, Recovery and Mitigation Section Chief, VEM
William (Will) F. Roy, Federal Coordinating Officer, Field Leadership Cadre, FEMA Region 1
Douglas R. Farnham, Chief Recovery Officer, State of Vermont
Pat Moulton, Recovery Officer, Central Vermont
Staff from VEM, FEMA, Vermont's Flood Recovery Office and more

Recorded: Monthly from November 2023 to July 2024
