Running a Vermont Municipality is Complicated. We Can Help You Uncomplicate It.

VLCT is always looking for ways to make our members' work easier, and strengthen their capacity – knowledge, skills, and access to expertise – without increasing annual dues.

VLCT's **Municipal Operations Support team** complements the legal assistance provided by our Municipal Assistance Center by helping members with the practical, day-to-day work of running a municipality. Our team brings decades of Vermont local government experience in management and administration, finance, operations, project development, planning, grants, and funding.

Whether you are new to your role, tackling something unfamiliar, working through a challenging issue, or simply wondering **"Where do we start?"**, we can help. We provide practical guidance, technical assistance, tools, and hands-on support to help local officials solve problems, build capacity, and move their work forward.
