

# **Municipal Operations Support**

# Running a Vermont Municipality is Complicated. We Can Help You Uncomplicate It.

VLCT is constantly looking for creative ways to make our members' work easier and grow their capacity – knowledge, skills, access – without increasing annual dues. One of the ways we are doing this is by pursuing grant funding to deepen our bench so we can help support you when you need it the most. VLCT has long had staff attorneys in our [Municipal Assistance Center \(MAC\)](#) to answer your legal questions. Now, thanks to [\\$1 million in funding through RD's Disaster Assistance Fund](#), there is a complementary arm to answer your non-legal questions and provide technical assistance to local officials related to the day-to-day operations of their municipalities.

Whether you are new in your role and trying to find your way, tackling new work in unfamiliar terrain, or just need guidance or advice on a sticky topic, VLCT's **Municipal Operations Support team** can help. They are experts with decades of experience working for and with Vermont local government – management and administration, finance, operations, project development, planning, grants, and funding – and are here to help you.

## **Training & Learning Opportunities**

VLCT offers members lots of ways to build their knowledge and capacity. One of these ways is through our many [live trainings](#). We recognize that you are busy and often are not available when our trainings are offered, The best part is that all are recorded and these recordings, along with any training materials, are posted on our website through our online [Store](#). So learn on your own time when its best for you.

Here are a few opportunities for you consider hosted by VLCT's Municipal Operations Support team:
