Annually, each of Vermont's 12 Regional Development Corporations (RDCs), in cooperation with their partner regional planning commissions (RPCs), solicit economic and community development projects that will bolster or help transform a region's economy. Each region then selects 10 of the projects as priorities and includes them on their region's Regional Priority Project list. **The lists are used by federal, state, and regional entities to understand the funding needs of the region when they make investments.** Projects identified in the lists may support business retention and expansion, create programs that encourage job creation and workforce development, expand access to high-speed broadband, and implement new or innovative economic development practices.

Each region's Regional Priority Project list is updated twice a year for submission to the State in May and December. **The table below provides information about each region's solicitation process.** If a region's submission deadline is not listed, please contact that region to request information about their application process.
