Years of Service Lapel Pins Show Your Time in Local Government

VLCT is happy to announce a new way to acknowledge the dedication and commitment of everyone who serves in Vermont's municipalities. Each Years of Service pin not only shows how long the wearer has served in local government (so far) – it also demonstrates a strong commitment to their community.

If you have been a Vermont local official (elected or appointed) or staff member for at least five years, just let us know the year you started, and we'll give you a Years of Service pin. We launched this program at Town Fair 2025 and will continue it for years to come.

We hope you'll wear yours proudly – and get a new one at every ten-year mark.
