Happy New Year from your Acrisure family! As we begin a fresh chapter, employer compliance obligations have also reset with the start of January.

Compliance Reminders

W2s

W2 forms are due to employees by **Monday February 2, 2026** for wages paid in 2025. The due date is normally January 31; however, as this due date falls on a weekend in 2026, the forms must be filed by the next business day, which is February 2, 2026.

Upcoming HIPAA Privacy Notice Changes Due February 16, 2026

Upcoming changes to HIPAA regulations require covered entities and health plan sponsors to update their [Notice of Privacy Practices \(NPP\)](#) to reflect new protections for substance use disorder (SUD) records. Although the reproductive health care provisions were vacated by a federal court decision in June 2025, the specific requirements related to SUD remain in effect.

These updates must clearly describe how SUD information may be used and disclosed, reinforcing privacy safeguards for individuals.

As with other government-required notices, a standardized form will be provided for use. Best practice is to use the supplied form to ensure all compliance elements are met. It is also recommended that the form be carefully reviewed to confirm that it is both clear and fully understood by the health plan administrator.

All required updates must be implemented no later than February 16, 2026.

Upcoming Training Reminder in 2026
