Quick Start Guide!

You can trim or expand sections based on your capacity. A basic starting onboarding packet could include:

- **Section 2** -- **Roles, Responsibilities & Governance Basics.** Available in VLCT's [Selectboard Handbook](#).

- **Section 3** -- **Legal & Ethical Basics.** Available from VLCT's resources on [Vermont's Open Meeting Law](#); [Public Records; and Ethics and Conflicts of Interest](#).

- **Section 4** -- **How the Selectboard Operates.** Provide a copy of your Board's [Rules of Procedure](#) and information about your regular meeting schedule, locations, and format.

- **Section 5 -- Town Finances & Budget Overview.** Provide a copy of the Town Report, which includes the Town's budget.

- **Section 6** -- **People & Organizational Structure.** Provide a current list of contact information. The Town Report is a good reference in lieu of a current list.

- **Section 7 -- Local Priorities & Major Projects.** The Selectboard's Report in the Town Report may be a source of information about local priorities and major projects.

- **Section 8** -- **Practical "How☐To" Tip Sheets.** Including a page with one or two tips is a good place to start – see templates in the Selectboard Tools & Templates in the [Municipal Operations Support Team's](#) section of the VLCT website.
