**Get to Know the VT Bond
Bank's Housing
Infrastructure and Energy
Loan Programs on 5/28**

Join the Vermont Bond Bank on May 28 at Noon for a free webinar about how its housing and energy loan programs work.

- The [Housing Infrastructure Loan Program](#) provides below-market financing for infrastructure projects that support housing. Housing associated with a TIF District, a CHIP Housing Site, and other housing production are eligible.
- The [Energy Loan Program](#) provides low-cost capital for energy efficiency upgrades and renewable energy installations — cut operating costs and advance Vermont's clean energy future.
