Coming Soon: the PACIF Policy Portal

If you are the designated PACIF Portal contact for your organization, please watch for two emails that will arrive soon from notifications@origamirisk.com. These messages are legitimate and should not be mistaken for spam. Both play an important role in the upcoming launch of the new PACIF Member Portal, which will provide access to your current PACIF policy and related documents, an improved means of submitting policy change requests, and a helpful FAQ page.
