

Municipal Assistance Center

Services

Municipalities often have projects or questions that they lack the time, staff, or expertise to tackle. VLCT offers a variety of professional services to support our members. MAC staff provide training, educational resources, research, low-cost professional services, and confidential legal guidance, and answer general questions on a myriad of municipal topics. View our topics and service areas below.

PLEASE NOTE: The VLCT Municipal Assistance Center (MAC) is currently responding to a higher than usual volume of member inquiries following Town Meeting, including supporting new members. We welcome your legal questions and are working to respond as quickly as possible. Thank you for your patience during this time.

Ask A Legal Question

VLCT MAC attorneys and staff are available to deliver low-cost small group training to municipal officials in person, hybrid, or on demand. Training sessions are 1-2 hours in duration and can be delivered in the evening, afternoons, or in place of a local board or commission's regularly scheduled meeting. Neighboring municipalities are welcome to get together to share training costs.

PACIF members receive hefty discounts on all training, PACIF members may also be eligible for scholarship assistance for some training. Check out the PACIF [Grants & Scholarship](#) page for more information and application materials.

Surveys, reports, polls, analysis, and custom projects.

The Municipal Assistance Center (MAC) is committed to bringing comprehensive and high-quality data to municipal officials to promote evidence-based decision making. To that end, MAC continues and seeks to expand its efforts to improve its collecting, reporting, and analysis of municipal data. Member assistance, participation, and feedback help increase the variety and quality of our data sources for our surveys, research, and publications. MAC conducts surveys, polls, and assessments throughout the year on various topics of municipal interest.
