

Fred Satink

Deputy Director, Underwriting & Loss Control
fsatink@vlct.org [1]

Fred oversees general underwriting and loss control operations for PACIF and works with staff underwriters and loss control consultants to ensure the delivery of high quality coverages and risk management services. He has been serving members in various loss control capacities since 2009 and is currently the Manager of Underwriting, Safety, and Health Promotion.

Fred has more than 30 years of experience in the safety profession, with 17 of those years spent working in the insurance industry. He suggests that all municipalities take an active role in their own risk

management and encourages them to contact him or his staff with coverage or risk management questions.

Fun Fact: Fred is an accomplished musician who enjoys writing and recording his own rock music. He also enjoys learning the art of bass fishing.
