Health Insurance

The U.S. health insurance system is very complex and subject to change. With its many years of experience in this field, VERB is committed to helping its members navigate this system, sharing information, and by offering more customized, detailed assistance to members that understand the value of such experience and resources.

The VLCT Employment Resource and Benefits Trust (VERB), in partnership with Hickok & Boardman HR Intelligence (HBHRIQ), can serve as the health insurance broker for Vermont municipalities with 100 or more employees. Municipalities with fewer than 100 employees, which pay carriers directly for employee coverage via one or more Vermont Health Connect (VHC) plans, can receive assistance with their health insurance through VERB's Health Insurance Advisory Services.
