Resources

One of the important benefits VLCT provides its membership is access to a wide array of resources. The right-hand menu will direct you to the following resource areas:

[VLCT Resource Library](#) [1]

Contains information, articles, and expertise on topics pertaining to the responsibilities and issues that municipalities and municipal officials must address regularly. The Resource Library can be searched using a number of search terms and filters to drill down to the material that is most relevant to any particular topic.

[Bookstore](#) [2]

VLCT regularly publishes handbooks, posters, and offers subscriptions to members. The Bookstore provides an online storefront from which those materials can be purchased. VLCT will be expanding what is offered through the Bookstore, so be sure to check back.

[VLCT Newsletter](#) [3]

Every month, the VLCT newsletter is delivered to members, who count on it as an invaluable source of news, updates and expert opinions on matters pertaining to Vermont local government. Current issues, as well as newsletters dating back several years, can be viewed or downloaded.

[Grants & Funding](#) [4]

Various organizations and VLCT partners share grant and other funding opportunities with the League, which are published here.
