Model Contracts for Facility Use

Allowing private groups or individuals to use public facilities can increase a municipality's exposure to risk in many ways. PACIF helps Vermont municipalities control this risk with three templates. By customizing and using these files, members can create a formal Facility Use Policy and implement it in conjunction with two Facility Use Agreements. Then every time a facility is rented, the appropriate written contract will help control the municipality's risk - and protect taxpayer dollars.

Documents:
- Facility Use Policy Template (Model) [1]
- Facility Use Agreement for Recurring Events Template (Model) [2]
- Facility Use Agreement for a One-Time Event Template (Model) [3]
